Please find below and/or attached an Office communication concerning this application or proceeding.

NOTICE OF NON-RESPONSIVE AMENDMENT

Response to Amendment

The reply filed on 13 January 2006 is not fully responsive to the prior Office Action because it fails to point out distinctions over the prior art with respect to the newly presented claims. See 37 CFR 1.111. In particular, applicant's response only appears to be a general allegation that the newly presented claims define a patentable invention without specifically pointing out how the language of the claims patentably distinguishes them from the previously applied references. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
